Notes:

In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily intel/ops morning briefing will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on

a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Senior Leader Devolution Exercise -- (b)(7)(E) (b)(6)

DO NOT FORWARD OR COPY THIS INVITATION

If there are any questions, please contact (b)(6)

The Deputy Secretary of Homeland Security directed an internal examination of the Department's ability to continue its diverse mission during a Department-wide devolution activation. In response to this directive, the Senior Leader Devolution Table Top Exercise will focus on

how the Department performs its mission essential functions (MEFs) in the aftermath of a catastrophic event that inhibits execution of the Components' roles and responsibilities by primary means. DHS senior leadership will identify and resolve critical challenges that could disrupt or diminish the Department's ability to safeguard the American people, our homeland, and our values.

The exercise is a scenario-driven facilitated discussion involving the DHS Principals and selected representatives with the goal of achieving the following objectives:

1. Identify who will be performing roles and responsibilities for providing information to DHS senior leadership to enable command, control, and coordination when devolution plans have been activated.
2. Identify where the Components will devolve to.
3. Identify and assess how Components support/execute the Crisis Action Process, and provide information to DHS senior leadership to enable command, control, and coordination when devolution plans have been activated.
4. Identify limitations and/or gaps in capability and/or capacity to perform primary mission essential functions when devolution plans have been activated.
5. Develop corrective actions to address issues identified during the exercise.

The exercise materials will be provided later as an update to this invitation.

Background Information:

Issue: DHS Options for Countering Foreign Adversaries / Aggression

Lead: PLCY (with OGC); all-component coordination

Timeline: Draft options paper due to ESEC April 2.

Details:

- The United States faces real and persistent foreign aggression threats.
- DHS is increasingly being relied upon to develop options to counter foreign adversaries / aggression (CFA).
- DHS has many tools to bring to this fight but, but the Department lacks an inventory of CFA options.
- The Secretary and Deputy Secretary are seeking input from components—including creative options—for expanding our CFA toolkit.
- Specifically, what resources and authorities do we have which can be used to impose costs on nation states or threat actors connected to malign activity that threatens the United States?
- **This call is not meant to be a discussion of actual response options. The purpose of this call is to ensure all components understand the request and to ensure we can put together these options in a timely manner. The conversation will be short.**

Notes:

In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily intel/ops morning briefing will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Participating components/offices will be asked to provide threat mitigation or other operational actions relevant to the material briefed. The goal is to provide the Secretary and other departmental leadership with a common understanding of intelligence on matters affecting the Department and the operational activities or needs in response to such intelligence.

In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily intel/ops morning briefing will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

Subject: RE: Time for a call tomorrow?

Tomorrow afternoon after 3?

As background, This was a discussion around standardized secure comms for senior leadership team to include secretary.

Specifically when offsite (home, travel, and in transport) but also includes standardized office comms.

I can walk through discussions I've had with Op components leadership -were all in concurrence on standardize requirements and equipment to communicate high side; real time intel threats.

I'll also walk through FBI capabilities they have standardized.

please feel free to forward to others who need to join this call

Call Agenda

Readout of Friday's WH Meeting on School Safety (Miles)

Proposed One-Pager of DHS Actions (FEMA/NPPD)

Additional Recommendations (All)

All, There was a senior-level meeting today at the White House in response to the Parkland shooting to starting pulling together options for POTUS. Below is a not-for-dissemination readout of the meeting. We will need to action due outs, highlighted below. Jeff, can you and your team take lead and ensure coordination with NPPD, USSS, OPE, OPA, I&A, and PLCY? I'll organize a short call Monday (sorry for the holiday timing) so that we are in sync in advance of a Tuesday TBD follow-up meeting at the White House on this subject. Please feel free to forward to your appropriate designee. Let me know if you have questions, and Jeff can correct anything I got wrong. We may course correct depending on any S1 guidance and front office discussion, but I want to get this on everyone's radar soonest given the tight turn.

BLUF:

· AP/DPC Andrew Bremberg and AP/HSCT Tom Bossert co-chaired a meeting on school safety in the wake of the attack in Parkland, FL.

- POTUS wants clear actions that can be taken to increase school safety against such violence.
- The White House tasked agencies—including DHS—with developing proposed solutions and actions.
- The next meeting will be Tuesday TBD.
- DHS should be prepared Tuesday with the following:

Ø A *draft* 1-pager with high-level areas where DHS can take action or accelerate/bolster ongoing actions (administratively, legislatively, and/or with new resources)

§ *MT Note: I propose our one-pager of ideas/actions be divided into lines of effort, e.g.: Education and Community Awareness; Early Warning; Capacity Building; Direct Security Operations; etc.*

Ø Any ideas for near-term meetings with outside groups to discuss recommendations / ideas for increasing school safety against active shooter and other violent threats

Ø Informal after-action assessment of this and any recent school shootings and how DHS efforts in particular could be targeted to close specific security gaps identified by those incidents

- DHS FO will disseminate this BLUF and convene a call Monday with FEMA, NPPD, USSS, OPE, OPA, PLCY, and others to discuss next steps.

Gov. Scott Convenes Florida Leaders to Work on Solutions to Keep Florida Students Safe

TALLAHASSEE, Fla. – Following the shooting at Marjory Stoneman Douglas High School in Parkland last week, Governor Scott said that he would be quickly organizing meetings with state and local leaders to discuss ways to keep Florida students safe, including school safety improvements and keeping guns away from individuals struggling with mental illness. Tomorrow, February 20th, Governor Scott has organized state and local leaders to meet for workshops at the Florida Department of Education (DOE), the Florida Department of Children and Families (DCF) and the Florida Sheriffs Association. These groups will consist of members of law enforcement, school administrators, teachers, mental health experts, and state agency leadership. Governor Scott will be attending these workshops throughout the day and will hold a roundtable to discuss their findings at the end of the day.

All meetings will be open to the media and address the following:

- The education workshop will focus on school safety improvements and updating school security protocols and emergency plans.
- The mental health and child welfare workshop will focus on ways to expand mental health services for Floridians, especially students, and improve coordination between state, local and private behavioral health partners.
- The law enforcement workshop will focus on ensuring individuals struggling from mental illness do not have access to guns and potential safety improvements for firearm policies.

Governor Scott said, “I have spent the last week in Parkland talking to members of the community, students and families of the victims who are suffering following this horrific shooting. While there are only three weeks left of the legislative session, we must make changes to keep students safe. A tragedy like what occurred in Broward County must never happen again and swift action is needed now. I am bringing local and state leaders together to find solutions on how to prevent violence in our schools and keep guns out of the hands of mentally ill individuals. This is an urgent matter that we must address quickly.”

These meetings are not open to the public, but will be live-streamed by the Florida Channel at www.thefloridachannel.org. A website will be provided to submit public input.

Quick update follow the NSPM-7 PCC.

I expressed that DHS had a potential interest in being executive agent for cyber security and TOC. DOJ also expressed the same interest. This is not yet a commitment to self-nominate but rather keeping the door open.

The subPCC is being tasked to establish criteria for selection, to be finalized along with a description of the roles and responsibilities in a March 13 PCC. Candidates will submit a written paper describing why their department is best suited. The selection will be done through a (likely paper) DC or PC.

Subject: RE: TOC

On NSPM-7, i am attending a restricted PCC this afternoon to discuss executive agents. The plan is to keep the door open for DHS to seek to become Executive Agent for TOC. DOJ and ODNI are going to do the same.

There is no commitment at this stage, as we would to sync with the other TOC efforts and have clarity on what the responsibilities for being executive agent entails.

Monday there will be another SubPCC meeting on roles and responsibilities.

Subject: RE: TOC

Building on Briana's email, there are two issues in play here:

One is the interagency path forward on TOC strategic intelligence and TOC strategic planning. That is pending guidance from an as yet to be scheduled NSC Principals Small Group (S1, AG, SecState, DNI).

The other is which department/agency will serve as the NSPM-7 TOC executive agent.

It would be great to tee up both of these at the same time.

This was in of the ones we had on the list for briefings and then we kept sliding we might just want to go ahead and plan toward one for her since there are so many moving pieces.

Patty / John,

Have y'all be handling the PCCs on TOC? At some point I think we need a sync call—maybe next week—so Tracy and I can get the latest and get any needed steer from S1 on where we are headed big picture on TOC proposal being discussed at NSC. Adding a few other folks too.

tomorrow, Friday, March 9th, if possible. That way we can ensure that the Outlook Calendar invitations and coordinating instructions (SVTC, conference call #, etc.) can get to the POCs with as much notice as possible for the March 13th 1200 Working Group meeting.

The meetings will be designed for members who understand their component's current and future CT support needs, baseline activities, gaps in CT intelligence/operations, along with members who can speak for their component's on CT related operating efforts.

The POCs should be able to contribute to a DHS-wide working group discussion that scopes CT Research Questions within the working group, and then facilitate internal inputs and coordination within their respective organizations, which will result in the selection of 4-5 Research Questions that will in turn serve as the basis of the Notice of Funding Opportunity through with universities will compete for selection as the CT COE.

Hi Elizabeth! I hope you're well. I know you're busy and I feel like such a pest for asking... However, could I possibly renew my request for some time on your calendar to talk budget issues? It's not urgent and I won't need more than a half hour. I'm thinking of it today as we just met with GSA about moving this year and lease options, all of which will exacerbate our situation. I feel like it's best to keep you in the loop if I can.

Best,

Hi Elizabeth!

We had a really nice meeting with Lauren Simpkins earlier this week and it reminded me that it's been a while since we've chatted. Would you possibly have time to let me visit and bring some updated numbers on casework and budget? Our casework is indeed on track to stay at last year's record number, potentially a bit more. I can drop by anytime you like.

Subject: Classified Meeting/SVTC - Nerve Agent Attack in UK

Importance: High

Jim,

The Secretary would like additional engagement on this subject. The memo you all provided was helpful. I'd like to ask you all to lead a high-level DHS discussion next week. (For context, I'm sure everyone saw the joint statement, below, that White House released with UK, France, and Germany.) Specifically, she'd like the discussion to include understanding of the threat, countermeasures, and DHS preparedness across relevant mission spaces—USSS (protectee ops), NPPD, FEMA, etc. I recommend you all working with I&A on this and request relevant CIA and/or DOD briefers to join or communicate through our senior liaisons in I&A.

We are willing to host this in NAC 5 (b)(1) if easiest and allow others to SVTC in. Daniel can work with your team to coordinate. Let me know what you think. Hopefully we can aim for early in the week (Mon or Tues) so that we can give her a readout at a morning intel brief.

Statements & Releases

Statement from the United States, France, Germany, and the United Kingdom on the Attack in Salisbury

Issued on: March 15, 2018

We, the leaders of France, Germany, the United States and the United Kingdom, abhor the attack that took place against Sergei and Yulia Skripal in Salisbury, United Kingdom, on March 4, 2018. A British police officer who was also exposed in the attack remains seriously ill, and the lives of many innocent British citizens have been threatened. We express our sympathies to them all, and our admiration for the United Kingdom police and emergency services for their courageous response. This use of a military-grade nerve agent, of a type developed by Russia, constitutes the first offensive use of a nerve agent in Europe since the Second World War. It is an assault on the United Kingdom's sovereignty and any such use by a state party is a clear violation of the Chemical

Weapons Convention and a breach of international law. It threatens the security of us all. The United Kingdom thoroughly briefed its allies that it was highly likely that Russia was responsible for the attack. We share the United Kingdom's assessment that there is no plausible alternative explanation, and note that Russia's failure to address the legitimate request by the government of the United Kingdom further underlines Russia's responsibility. We call on Russia to address all questions related to the attack in Salisbury. Russia should, in particular, provide full and complete disclosure of the Novichok program to the Organisation for the Prohibition of Chemical Weapons (OPCW). Our concerns are also heightened against the background of a pattern of earlier irresponsible Russian behavior. We call on Russia to live up to its responsibilities as a member of the U.N. Security Council to uphold international peace and security.

Subject: POTUS Trip to JIATF-S

NSC team,

We are looking forward to the POTUS JIATF-S visit next week. The Secretary is planning a SVTC next Wednesday with ADM Tidd and RADM Tomney to discuss. But in the meantime, I think it would be helpful if we synced up with you all on planning and objectives. The Secretary has a few thoughts on key takeaways for POTUS.

Additional, I think there may be a few logistical items in play for our advance team (also cc'd) to connect with you on. Could we do a call tomorrow perhaps to ensure we're in alignment? Might be helpful for RADM Tomney's staff to join too.

Many thanks,

Notes:

In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily intel/ops morning briefing will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Participating components/offices will be asked to provide threat mitigation or other operational actions relevant to the material briefed. The goal is to provide the Secretary and other departmental leadership with a common understanding of intelligence on matters affecting the Department and the operational activities or needs in response to such intelligence.

Notes:

The new Guatemalan Minister of Government, DHS' main counterpart, requested this meeting during his second week in the position to discuss bilateral engagement to include law enforcement, immigration, and information sharing priorities. Minister Degenhart is a critical counterpart given Guatemala's position just one border removed from the United States and has been a strong supporter of DHS programs, both in his days as Guatemalan Director of Immigration and as a contractor for U.S. Immigration and Customs Enforcement. Guatemala is the only country in the region outside of Mexico where DHS has an Executive Leadership Group that meets twice a year to discuss immigration, border security, and information sharing.

Proposed One-Pager of DHS Actions (FEMA/NPPD)

Additional Recommendations (All)

All, There was a senior-level meeting today at the White House in response to the Parkland shooting to starting pulling together options for POTUS. Below is a not-for-dissemination readout of the meeting. We will need to action due outs, highlighted below. Gov. Scott Convenes Florida Leaders to Work on Solutions to Keep Florida Students Safe

TALLAHASSEE, Fla. – Following the shooting at Marjory Stoneman Douglas High School in Parkland last week, Governor Scott said that he would be quickly organizing meetings with state and local leaders to discuss ways to keep Florida students safe, including school safety improvements and keeping guns away from individuals struggling with mental illness. Tomorrow, February 20th, Governor Scott has organized state and local leaders to meet for workshops at the Florida Department of Education (DOE), the Florida Department of Children and Families (DCF) and the Florida Sheriffs Association. These groups will consist of members of law enforcement, school administrators, teachers, mental health experts, and state agency leadership. Governor Scott will be attending these workshops throughout the day and will hold a roundtable to discuss their findings at the end of the day.

All meetings will be open to the media and address the following:

- The education workshop will focus on school safety improvements and updating school security protocols and emergency plans.
- The mental health and child welfare workshop will focus on ways to expand mental health services for Floridians, especially students, and improve coordination between state, local and private behavioral health

partners.

- The law enforcement workshop will focus on ensuring individuals struggling from mental illness do not have access to guns and potential safety improvements for firearm policies.

Governor Scott said, "I have spent the last week in Parkland talking to members of the community, students and families of the victims who are suffering following this horrific shooting. While there are only three weeks left of the legislative session, we must make changes to keep students safe. A tragedy like what occurred in Broward County must never happen again and swift action is needed now. I am bringing local and state leaders together to find solutions on how to prevent violence in our schools and keep guns out of the hands of mentally ill individuals. This is an urgent matter that we must address quickly."

These meetings are not open to the public, but will be live-streamed by the Florida Channel at www.thefloridachannel.org. A website will be provided to submit public input.

I received your VM. I would like another look at this issue. In your memo (attached) from the beginning of January, you said the following: USCIS is authorized and directed to respond to queries from a federal, state or local government agency "seeking to verify or ascertain the citizenship or immigration status of any individual within the jurisdiction of the agency for any purpose authorized by law, by providing the requested verification or status information." 8 U.S.C. § 1373(c).

I believe this is the same call that the Chairman tried to initiate on Friday, February 16 when the Secretary was in Texas but they never connected before we left on a 12 day codel to SE Asia. We just returned yesterday so I believe that is why he is reaching out again. The purpose of the original call was to express his thanks to the Secretary for her efforts to stop bad immigration legislation from passing in the Senate. He may also be checking in to see if there is anything new that he should be aware of on the immigration front and to give the Secretary an update on our efforts with our bill in the House.

Restricted PCC on China Visa Policy (b)(6)

Colleagues,

I'm sending you this urgent invitation on behalf of Gary Tomasulo.

Please join us tomorrow to discuss the visa-related outcomes of the China 301 PC held earlier today. We are collectively facing a very short turn at Principals' direction, so we'd like to provide you an in-person readout and discuss next steps. The aim is to enable your departments and agencies to make the most of the tight timeline you will face over the remainder of this week, with the goal of having a full PCC on Friday or very soon thereafter.

Please don't hesitate to come back to us with questions. We are asking for State, DHS, DOJ, and IC participants plus one. Please alert us to substitutions if you are not able to attend (b)(6) if you could assist with identifying an appropriate FBI participant to come with you, we would appreciate it. (b)(6) if you are not the right person for this issue, please help us identify an alternate representative plus one from the IC).

Please use this link to provide your WAVES clearance information.

Thanks (b)(6) I know the two invitations are in the system and being evaluated by the team. We are always looking for good speaking opportunities so I'm hopeful that we can take you up on the NVTC offer. The (b)(6) visit will probably be more problematic. Chad-

As you heard on the plane back from California, I'm supposed to go to you for all thing KN related! I waited in hopes that things would quiet down, but after the hearings this week I'm not sure there's ever going to be a quiet period. The following are my three "asks".

1. Kirstjen and I discussed over the past few years about Web Accessibility for the people with disabilities.
2. Kirstjen knows I am close with (b)(6) of Smiths Group/ Smiths Detection. I know you have your own relationship and association. It is my understanding he was send you a copy of the attached letter for KN. I am just following up.
3. KN and my mutual friend, (b)(6) who has served since my Reagan days sent over this invitation for NV Tech Council. This group encompasses all of the major and minor cyber players (b)(6) said there would be an expected audience of 700-900 people.

Thanks in advance for your assistance!

Meeting with New Orleans Mayor Mitch Landrieu.

New Orleans Mayor Mitch Landrieu, and current President of the U.S. Conference of Mayors, would like to follow up on the brief conversation he had with Deputy Secretary Duke regarding immigration enforcement that occurred last Friday, January 26 at the U.S. Conference of Mayors winter meeting. Mayor Landrieu has been very involved in the conversations with DHS leadership (former Secretary Kelly, Director Homan) regarding the Department's sanctuary city policy and immigration enforcement. He would like to use this meeting to establish a new baseline and reset the conversation and dialogue since there has been so much that has transpired over the last year. Mayor Landrieu is hoping to re-engage the mayors to be part of these policy discussions so cities can be helpful in sharing accurate information about the Department's position and forward direction.

Topics for discussion will be immigration, sanctuary cities, and the FEMA IG report that the Mayor is trying to close out prior to leaving office in about 75 days.

Notes:

In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily intel/ops morning briefing will be asked to have the component/office head, deputy, or chief of operations (or equivalent) available every day; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Participating components/offices will be asked to provide threat mitigation or other operational actions relevant to the material briefed. The goal is to provide the Secretary and other departmental leadership with a common understanding of intelligence on matters affecting the Department and the operational activities or needs in response to such intelligence.

Law Enforcement Roundtable on Sanctuary Cities

The President's highest duty is protecting the safety and well-being of American Citizens. Lawless sanctuary jurisdictions are nullifying federal law, obstructing immigration enforcement, and releasing thousands of criminal aliens into U.S. communities to prey on innocent victims.

The President and his administration want our cities to be sanctuaries for Americans, not safe havens for criminals.

Notes:

We would like to invite the Secretary to visit with our member CEOs during the Financial Services Forum's Spring Meeting in March. The Financial Services Forum is a non-partisan financial and economic policy organization comprised of the chief executive officers of the largest and most diversified financial institutions headquartered in the United States. The Forum works to promote policies that enhance savings and investment in the United States and that ensure an open, competitive, and sound global financial services marketplace. We will be hosting our Spring Meeting at the Willard here in Washington, DC, and would very much appreciate the opportunity to visit with Secretary Nielsen.

This is a roundtable discussion, with just our member CEOs permitted to sit at the table with the Secretary. This is 100% off-record, and press is NOT invited/nor notified of the event. There is just a handful of staff seated on the 'sidelines' – usually 7-8 people. So less than 20 total in the room.

Briefing Materials:

Briefing memo, agenda, attendee list, bios, talking points (coordinate with NPPD and Brandon)

Ethics:

Cleared. **The ethics rules do not preclude the Secretary's participation in the Financial Services Forum meeting.** The Secretary should be aware that the Financial Services Forum is a registered lobbying organization and this is a closed meeting for its member CEOs who remain unidentified. This could raise special access concerns, as only FSF members are receiving access to the Secretary. However, I understand DHS has a mission interest in encouraging these kinds of corporate entities to collaborate with us on the cyber front. The members are unlikely to be DHS contractors. However, as always, the Secretary should be particularly

mindful that no nonpublic information is shared.

Likewise, while her attendance and any light refreshments provided is not a prohibited gift – but explicitly excluded from the definition of gifts – **the Secretary may not accept any gift from FSF, such as an item to thank for her participation** because that would be prohibited by the Ethics Pledge lobbying gift ban.

As always, the Secretary may thank the FSF and its members for their continued support and collaboration regarding homeland security, but should avoid anything that can be deemed an endorsement.

Objective:

(b)(6) would like to meet with the Secretary to discuss a bill he would like to propose for improving school safety following the death of his 18 year old daughter (Meadow) at Marjory Stoneman Douglas High School in Parkland, FL.

Notes:

The Florida Governor's Deputy of Chief of Staff reached out to Brian Hyer (OPE/IGA) and asked that he connect by phone with (b)(6) to get more details on his request to meet with Secretary Nielsen while he is in DC next week. (b)(6) lost his daughter as a result of the high school shooting in Parkland, Florida, and has been advocating for making schools safer to prevent this from happening again. He has sent President Trump a copy of a 2-page bill that would involve Departments of Homeland Security and Education working together to harden schools with oversight on safety. He wants to discuss his proposal with the Secretary. Florida's delegation has not received a copy of this proposed bill as he sent it directly to the White House, and has since spoken with an advisor of the President to confirm the proposal had been received. (b)(6) praised the efforts of TSA to secure airports in this country and believes DHS can play a strong role in hardening schools.

(b)(6) is traveling to DC because he is coaching a high school (private school) lacrosse team that has competition games on Thursday, March 22, and Saturday, March 24. The team of about 30 players will be touring the White House on Friday, March 23.

(b)(6) has met with POTUS twice, once in the Oval Office and once in the West Wing. He has also met with Education Secretary DeVos and will be asking to meet with her again while he is in town. He is hoping to get a few minutes to visit with Secretary Nielsen and will accommodate any time in her schedule.

Notes:

I'm writing on behalf of (b)(6) NSC Senior Director for WMD and Counterproliferation, who would like to inquire about Secretary Nielsen's availability to receive a very sensitive briefing on nuclear threats. The Secretary of Homeland Security has traditionally been read in to a restricted compartment on this subject, along with other select Cabinet officials; Gen. Kelly received the briefing shortly after the new Administration came in, and he can attest to the high importance that

Secretary Nielsen be read in.

The technical aspect of the briefing will be covered by personnel from the Department of Energy/National Nuclear Security Administration, and Secretary Rick Perry would likely take part, in addition to Sr. Director Andrea Hall. If you could let me know if Secretary Nielsen is available over the next month, I'll work with Secretary Perry's office to line up schedules.

This briefing is only given to certain principals, with no additional staff permitted.

Notes:

As a follow up to our communication, I wanted to share some quick information relating to our interest in having Secretary Kirstjen Nielsen be the guest speaker at the next "State of the Administration" briefing for the foreign Diplomatic Corps.

The State of the Administration Speaker Series is a recurring program that gives the foreign bilateral Chiefs of Mission an opportunity to meet and interact with senior Administration officials and other experts who can provide first-hand knowledge of the U.S. Government's work to address current affairs. The series also provides cabinet secretaries and senior-level officials with a convenient, off-the-record forum for briefing on the Administration's most important issues.

This event would pose an opportunity for Secretary Nielsen to provide a

preview of President Trump's upcoming trip to Latin America or any topic of her choosing.

The audience will consist of foreign bilateral Ambassadors which are the highest ranking representatives of their countries posted to Washington, DC. We anticipate approximately 75-80 attendees representing all regions of the world.

Draft Scenario

- Secretary Nielsen arrives at Blair House and is greeted by Chief of Protocol Ambassador Sean Lawler
- Ambassador Lawler delivers welcome remarks and introduces Secretary Nielsen
- Secretary Nielsen delivers a 15-20 minute off-the-record overview
- Secretary Nielsen participates in a 20-25 minute Q & A session
- Total program time of no more than 45 minutes

DHS has requested a Press Conference on our ongoing wall construction efforts.

Plan is to have you do the press conference tomorrow at the RRB at approximately 1300 (subject to change).

I'm playing phone tag currently with A/S Hoffman on more specifics, but will update you when those become available.

Mike and Valerie will begin to work up your prep materials and prep session for tomorrow.

More details to follow, but I wanted to give you a head's up.

We understand the focus for the Secretary has been to work with border states on deploying more National Guard troops to the border. Governor Hutchinson, as you may already know, is supportive of this approach and would like to talk with Secretary Nielsen about how Arkansas can help partner. Our TAG is supportive and our troops can support the mission.

Again, this will come through appropriate channels, but if there's any way to get a call this morning, that would be ideal. I've pasted the Governor's public comment below for your awareness and information. If you or anyone on your staff would like to discuss further, the number below is my mobile number.

There is no ethics objection to the Secretary providing an official speech at the Congressional Fire Services Institute so long as she follows the below guidelines and guidance.

CFSI provides all speakers with a memento for their speech, a ceremonial fireman's helmet. The Secretary may accept this ceremonial helmet as a thank you for her remarks.

Do I have the go ahead to proceed tonight with reaching out to stakeholders lock in attendance?

Several will be breaking plans and booking flights, and will need further confirmation from us to do that.

Thursday

Due to the short nature of the request and honoring the Secretary's tight schedule, I would recommend an in-person meeting with non-CEO senior executive representation, and their security director as +1.

Time for the meeting would be Thursday May 11 from 2:30 – 3:30 PM ET per Marcy's suggestion below. As for location, we were still planning on using TSA's office, but can adjust if that doesn't work with the Secretary's schedule.

Let me know if this is accepted and I will be doing the work on our end.

I know we had notionally discussed doing this on Thursday morning, but the Senate Select Committee on Intelligence (SSCI) is having its annual Worldwide Threats hearing on Thursday morning at 10AM, followed by a classified closed session thereafter. The heads of CIA, DIA, FBI, NSA, and NSA will be testifying in both sessions. It may be in our best interests to look towards Thursday afternoon for this briefing as it will allow us to have key members from SSCI attend, as well as allow our counterparts from the

Thank you for the additional information.

I spoke with Chad and we are going to attempt to get the three points of contact for Engagement 1 to discuss the options and have everyone on the same page later today.

As for the associations within Engagement #3, there were two out of the three that were domestic based (ACI-NA and AAAE are domestic and ACI-Global was internationally based). Additionally if we don't do Engagement #2, I would request adding IATA to the Engagement #3, but they are also internationally based and not domestic.

Do we have a feel for whether we want to push for CEO participation to the extent of the engagement being a conference call, or do we want to try to get as senior a representative as we can to have a face to face meeting?

(b)(5)

Thursday AM – Congress/Senate

Ben/Susan – are you thinking one Senate briefing (with Leadership + key Committees) or do you need multiple briefings? That will drive the time duration.

Thursday PM – Airline Stakeholders

I'm anticipating that we are too late from a timing standpoint to get CEOs in town this Thursday. Those invites need to go out ASAP if we are to have any chance.

Friday – European Counterparts

You'll see that I tweaked this call to align with the messages from the Thursday meetings / calls. We still need to build out the participants for the Friday call – I'm having TSA and PLCY do that now and will have recommended names to populate on Monday.

(b)(5)

In addition to reviewing the materials some key points that we believe also need to be decided on are below, quick summary: 1) confirmation on date/times/locations, etc.; 2) How soon could informal engagement occur; and 3) Timing for an official invite - draft language below for consideration. Please note I've looped in Chad, as well as Matt Haden with OPE.

Re: Speak at Women Executives at TSA (WE@TSA) Meeting

POC (scheduling/logistics):

(b)(6)

Briefing Materials: yes (just short backgrounder on group – goals, mission, members etc. – no TPs or remarks required)

Background:

When things settle for you, I would love to invite you back to TSA as a featured speaker for the organization I chair, Women Executives at TSA (WE@TSA). In short, WE@TSA is an employee advocacy council born of the desire to present a unified body of individuals interested in the retention and cultivation of female talent within the Agency. We hold monthly meetings featuring different guest speakers sharing their experiences in the federal government. We have been joined by former TSA Administrator Peter Neffenger, current Acting Administrator Huban Gowadia, and former DHS Assistant Secretary for Legislative Affairs M. Tia Johnson. We would love to have you as a featured speaker either via teleconference or here at TSA HQ. Your audience will be both field and HQ TSA employees. The discussion is a relatively informal 10-20 minutes including a Q&A. We typically enter a summer hiatus during the busy travel season from Memorial Day to Labor Day.

Please let me know if you are interested, and we will work with your schedule.

Subject: Haiti TPS: Updated Background Information

Hi Gene,

Following up on our earlier conversations, by way of this email I am providing 5 sets of information (7 memos) in connection with the determination regarding Temporary Protected Status for Haiti (with apologies for the bulk):

1. TPS for Haiti Designation Memorandum Addendum: The attached memo is being provided to supplement my earlier TPS Haiti Recommendation Memo. In that memo, as you requested, the following points are addressed (and please let

us know if we missed any points):

- a. Haiti GDP growth – longer-term trend. The memo addresses the information available for the year-over-year numbers/trends for the years preceding the earthquake to the present (or the most recent following the earthquake for which data is available);
- b. Clarification on visa demand being down by 30%
- c. Information regarding the UN's decision to conclude its peacekeeping mission in October 2017.
- d. Information regarding the status of, and motive for, reconstruction of the Presidential Palace, and analysis regarding the Government of Haiti's post-earthquake recovery and capacity.

2. Federal Register Notice (FRN): Attached is the draft FRN announcing the extension. This language is an update to the draft FRN which was transmitted to DHS last week.

3. Extension Process Mechanics:

Attached is a memo explaining the mechanical process for a six month extension of the current designation. This analysis compares the process and impact of an extension versus the proposed termination. We have also included in a separate memo information regarding how the USCIS ELIS system will process these cases. Below is a summary of the information. Just wanted to be sure that we had provided full visibility regarding the operational aspects of a one-time six month extension vs a termination.

A. Extension Process: If the Secretary determines an extension is best, there are 2 options:

(b)(5)

(b)(5)

4. TPS Designation Chart: Attached is a user-friendly list of all TPS designations we have made in the last ten years, and how many have been terminated during the same period.

5. Finally, attached is a companion analysis to the Haiti country conditions that analyzes economic factors, humanitarian issues, healthcare, stability, etc., of Guinea, Liberia, and Sierra Leone.

Thanks Gene, please let us know if you need further information?

Good speaking with you this morning.

When Ms Duke was Under Secretary for Management at DHS, ADM Allen (former USCG Commandant) and I worked with her on meeting the presidential mandate to protect GPS with a complementary and backup system.

Several weeks ago I reached out to Ms Duke with an offer to update her on the progress of that effort, especially the inter-agency and Congressional aspects, and to discuss the way forward for protecting the nation.

This is to request a meeting with Ms Duke for ADM Allen and I to have this discussion. Discussion/briefing outline might be something like:

Re: Detainers Briefing

Briefing Materials: yes

Background:

S2 expressed a desire to have a meeting on "detainers" to understand them more fully, including:

- 1) the different types of detainers
- 2) detainers vs. notification
- 3) the disconnect with certain jurisdictions as to whether or not detainers are legally sound
- 4) anything else on the topic you think is relevant

Background:

Good Morning Kaitlin,

On behalf of Symantec, I am writing to invite the Deputy Secretary Duke for an executive level briefing on cybersecurity and a tour of our Security Operations Center in Herndon, VA on May 22, 2017.

Joining us will be Homeland Security Cyber Subcommittee Chair John Ratcliffe and executives from our company. Symantec regularly hosts senior government officials at our Herndon SOC to provide high level cyber threat briefings. The timing is also perfect as we released our 2016 Government Internet Security Threat Report earlier this week.

Thank you in advance for your consideration. Please reach out should you have any questions or want to discuss further.

Notes:

During the May 19, 2017 briefing with then Secretary Kelly and Deputy Secretary Duke, FEMA highlighted changes to the preparedness grant programs and proposed funding amounts for each program. Secretary Kelly approved allocations for the State Homeland Security Program (SHSP), Urban Area Security Initiative (UASI), Emergency Management Performance Grant (EMPG), and Intercity Passenger Rail (IPR-Amtrak) grant programs.

DHS/FEMA risks lapse of over \$1 billion in state and local preparedness funds if a decision is not made before August 23. AS1 approval is needed before August 23, 2017 in order to ensure adequate time to brief OMB/NSC, Congressional Appropriations Committees (Sec 305 briefing

requirements), complete financial integrity reviews, and make all awards before the end of this fiscal year. Given the late appropriations, FEMA is operating under a highly compressed timeline to complete a nine month process in less than five.

FEMA will ask AS1 to approve final allocation recommendations for the following FY2017 competitive grant programs:

- Port Security Grant Program (PSGP);
- Transit Security Grant Program (TSGP);
- Intercity Bus Security Grant Program (IBSGP);
- Tribal Homeland Security Grant Program (THSGP);
- Nonprofit Security Grant Program (NSGP);
- Operation Stonegarden (OPSG);and
- Continuing Training Grants (CTG)

Marcy,

They got delayed a little bit in NAC (b)(7)(E). They are just doing the hallway outside in NAC (b)(7)(E). There weren't enough funds to complete the whole suite or the back hallways. Please keep in mind that the new carpet is a dark grey color. You can see a sample in NAC (b)(7)(E) hallways and NAC (b)(7)(E) floor.

I will ask the contractor to start on Monday.

Thank you,

I thought this work was starting last night. Is it just the hallway in the front, what about the back hallway? Monday or Tuesday would be the best options as of now as the Secretary is scheduled to be off-site.

Hello Marcy,

What's a good day for the carpet to be replaced next week? We are replacing the carpet on the main hallway (outside the glass doors). The contractor starts at 5:00 PM and finishes around 1:30 AM. We can be flexible with the hours.

Thank you,

Subject: NAC Carpet Replacement

Good Afternoon NAC (b)(7)(E) tenants,

As most of you know, we have a renovations project to replace carpet in common areas in NAC (b)(7)(E). Attached is the schedule of work starting Monday 08/07. Workers will start at 5:00 PM and finish at 1:30 AM on weekdays. PM Services will be escorting the workers during work hours. The carpet removed during an evening will be replaced on the same evening, therefore there will be no bare floors in the mornings. There shouldn't be any smell the next morning or inconvenience, if there is, it will be minor. If your area has any cubicles or offices, please make sure that IT and Power are disconnected from the wall on the night your carpet is replaced.

I am sending this info to the POCs on my list, if there are any adjustments to my POCs please let me know. If you have any questions or want me to walk the affected areas with you, I will be available.

Thank you,

(b)(6)

- After all legal options and reviews are exhausted, ICE must carry out the immigration judge's orders.
- ICE Boston field office used prosecutorial discretion in the past allowing these individuals to temporarily remain in the United States without legal status to get their affairs in order.
- Each time, ICE made it clear that the temporary extension did not mean that the final order of removal would be reconsidered or proceedings reopened.
- DHS and ICE will not exempt categories or classes of individuals from enforcement actions, and individuals with final order of removal are a priority under the current administration.

Subject: Call to USVI/PR Today

Chad,

We have an IGA staff person (b)(6) deployed to PR and with the PR governor. This morning the gov asked (b)(6) if AS1 would be calling him today.

Is there time on AS1 schedule today to work this in? If you can give me times, OPE can handle the rest.

For USVI we can make the same connections but are still addressing the best way to get in touch as the comms issues are a challenge at the moment that require timing of right place/right time.

Call-In Information

(b)(6)

Notes:

OGC would like to calendar a meeting with AS1 no later than tomorrow regarding the DACA litigation in the Eastern District of NY. The Judge ordered that we file the administrative record by October 6th. However, the request for these documents and subsequent discovery is atypical in nature as it includes documents that are privileged. To be clear, they have requested all information that AS1 considered in making her decision by October 6th.

Chad -

Dave has put together a couple of local interviews for the Secretary after the speaker's visit to FEMA today.

Should be 10 minutes each. Focused on Texas recovery efforts. Dave has the talking points and FEMA FCO will be on the line for operational questions.

Are you still good with this?

Police Officer Charles Hartfield was shot and killed while taking off duty action to rescue citizens during the active shooter incident at the Route 91 Harvest Festival. Officer Hartfield was attending the concert, with his wife, when a gunman opened fire on the audience from the 32nd floor of the Mandalay Bay Hotel. Hundreds of citizens were struck by gunfire. Officer Hartfield immediately attempted to assist some of the casualties when he was fatally struck by one of the rounds. Officer Hartfield was a U.S. Army veteran and had served with the Las Vegas Metropolitan Police Department for 11 years. He is survived by his wife and two children.

As previously notified, the Acting Secretary will be inviting component/office leadership to join via SVTC the daily intel/ops morning briefing starting on Tuesday, November 7, 2017. In deference to your time and that of your principals, components and offices with equities that are regularly affected by matters included in the daily brief will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Participating components/offices will be asked to provide threat mitigation or other operational actions relevant to the material briefed. The goal is to provide the Secretary and other departmental leadership with a common understanding of intelligence on matters affecting the Department and the operational activities or needs in response to such intelligence.

Good morning

I will be setting up meetings soon with each of you individually to set FY19 Performance Plans and goals for the year. Under Element 5, Results Driven, I'd like to have performance requirements for the following objectives:

1. For everyone: One or more actions or changes you will take to enhance leadership in your organization. Ideally, the FEVS data, leadership year work to date, or other metrics (i.e. attrition rate) will help prioritize the drivers to improve leadership in your organization.
2. For everyone: One or more actions or changes you will implement to make your organization more efficient. The Secretary and I will be strongly supporting you in your budget requirements. In parallel, we have to do everything to be most efficient during these flat budget times. I'm confident there is low hanging fruit.
3. For HQ components: One or more actions you will take to mature and implement your "functional integration" role in DHS. This is the model by which you will lead your functional area/SME role within DHS in your interactions, leadership, and support of the operating components as they

deliver the DHS mission.

In addition, I am receptive to additional performance requirements if you have them. But as leaders, I'd prefer that they are strategic/leadership, not too technical and tactical. I look forward to hearing your ideas and discussing our plans for this fiscal year.

In the Secretary's absence, the Deputy Secretary will chair the briefing.

February 16, 2018 Continued

Friday

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

The Deputy Secretary of Homeland Security directed an internal examination of the Department's ability to continue its diverse mission during a Department-wide devolution activation. In response to this directive, the Senior Leader Devolution Table Top Exercise will focus on how the Department performs its mission essential functions (MEFs) in the aftermath of a catastrophic event that inhibits execution of the Components' roles and responsibilities by primary means. daily intel/ops morning briefing will be asked to have the **component/office head, deputy, or chief of operations (or equivalent) available every day**; other components and offices will be asked to join on a case-by-case basis at the discretion of the Front Office. In the Secretary's absence, the Deputy Secretary will chair the briefing.

In the event that one of the top three officials is unavailable, the Front Office asks that the component/office notify them in advance regarding an appropriate stand-in.

Participating components/offices will be asked to provide threat mitigation or other operational actions relevant to the material briefed. The goal is to provide the Secretary and other departmental leadership with a common understanding of intelligence on matters affecting the Department and the operational activities or needs in response to such intelligence.
